NEW

Evolution™ series 4 Integrated Chains

Includes 3 Stainless Steel keys - 2 new "I" keys and one with a high-intensity LED bulb for convenient, easy unlocking in the dark

10mm six-sided chain links made from Kryptonite's high performing 3t manganese steel

Weather-resistant nylon sleeve prevents scratches to painted finishes; compact coiling for easy carrying

New patent-pending design secures chain directly to hardened deadbolt; offers no "weak" link in the chain due to the extensive holding power of the link itself against attacks

High security disc-style cylinder is pick and drill resistant; resists most common hand tools

Patent pending integrated Evolution series 4 lock head

Available in 3 convenient sizes:
21.5" (55cm) Mini; 35.5" (90cm); 5.25' (160cm)
